Do you? Do you? Mmmm..
Do you remember? Do you? Do youuu?
Those early days when we were young and free
Unaware of life's cruel disparity
How only some bask in the sun

While the rest of us struggle just to carry on
Knockdowns and letdowns, yeah, they made us strong
Rejections? They shaped us all along
Let's count each "NO" as a layer of protection
Bless the falls, they taught us direction

Appreciate the ones who knocked you down, down, down
Turned their backs and let you down, down, down
Now design your highlight, own your spotlight
It's your time to shine, your moment, your right

Do, Do youuuu?
Those early years, pure and innocent hearts
Never guessed how life could tear us apart
How some would crush dreams without remorse
Toying with our hearts like it's par for the course

People come and go, some stay for a reason
Others vanish quicker than a passing season
You can't rely on anyone but you
And never envy what others do
Your destiny's yours, stay true

Appreciate the ones who knocked you down, down, down
Turned their backs and let you down, down, down
Now design your highlight, own your spotlight
It's your time to shine, your moment, your right

Who would've thought we'd be cast aside
Forgotten by those we held in pride?
Once cherished, now shadows in our past
Memories fading, nothing meant to last
But let it go, don't poison your soul
With bitterness that takes its toll

Trust yourself. Be your own light
Illuminate your path, burn bright

Pain becomes power, flip the narrative
Each new day's a gift, a reason to live

Appreciate the ones who knocked you down, down, down

Turned their backs and let you down, down, down
Design your highlight, enjoy the spotlight
It's your time to shine brightignite!
Do you? Do you? Do youuuu?
Your moment, to you...
