Reunions, beginnings, heartbreak, goodbyes
A station of stories behind every eye
Strangers colliding, then gone in a breath
Life on the rails, so close to death

Shoulder to shoulder, yet worlds apart
Each with a journey, each with a heart

We all carry invisible luggage
Some bags heavy, some filled with courage
Lay it down, let it slide, let it vanish
But we'll survive... with invisible luggage

If I could hear the thoughts they chase
The fear, the fire, the hidden pace
Running to nowhere, chasing the sign
Missing the moment, losing the time

Different rails, different stations
Same old hope, same temptations

We all carry invisible luggage
Some bags heavy, some filled with courage
Lay it down, let it slide, let it vanish
But we'll survive... with invisible luggage

Parallel tracks, never meant to meet
But still we're moving on restless feet
Some paths cross, some just divide
Yet we're all on the railway of life

We all carry invisible luggage
Some bags heavy, some filled with courage
Lay it down, let it slide, let it vanish
But we'll survive... with invisible luggage
