Wishing on a candlelight to see you again,
This Christmas night feels like back then.

It's been so long since we said goodbye,
But the thought of you still makes me cry.
I dream of those nights when we were dancing,
Under the moonlight, our hearts romancing.
Gliding together, so free and true
Like two unseparable ice skating shoes.

Destiny drew lines, pulled us apart,
Miles away, but never my heart.
Through every storm, your love stayed near,
Whispering softly, "I'm still here."

I think of our nights, our candlelight dinners,
Holding you close - love's true beginners.
Under the moonlight, I still see your face,
In every reflection, I find your grace.

Through time and tears, we've paid the price,
But hope still burns - in candlelight's on ice.

Candlelight's on ice - I make a wish tonight,
To feel your hand, to hold you tight.
Side by side, our hearts collide,
Skating free where dreams reside.
Candlelight's on ice - our souls align,
This Christmas, your heart meets mine.

Every echo of your laughter calls my name,

Every star above still shines the same.
Two hearts apart, yet intertwined,
Through candlelight, our love redefined.

Candlelight's on ice - destiny's embrace,
Two souls reunited, face to face.
Hand in hand beneath the skies,
We found forever - in your eyes.
Candlelight's on ice - where dreams come true,
My wish came real - I found you.

Candlelight's on ice...
Our love's reflection never dies.
